

DUWAMISH VALLEY COMMUNITY BENEFITS COMMITMENT

The Duwamish Valley Community Equity Program (DVCEP) was created to implement Resolution No. 3767, the Duwamish Valley Community Benefits Commitment.

This commitment directs the Port to create equitable access to Port-related economic development activities such as career resource fairs, workforce trainings, small business and entrepreneur support, and other entry-points to port-related industries.

The Duwamish River Community Hub will meet the three main goals of this commitment by:

**BUILDING ONGOING COMMUNITY-PORT
COLLABORATION**

HEALTHY ENVIRONMENT AND COMMUNITIES

ECONOMIC PROSPERITY IN PLACE

ECONOMIC PROSPERITY IN PLACE

The Port shall support anti-displacement solutions that

- Enable the Duwamish Valley community to thrive in place through equitable access to training, jobs, and career pathways in port-related economic opportunities
- Provide a physical space in the Duwamish Valley for communities to access these local port-industry related opportunities and programming

HEALTHY ENVIRONMENT AND COMMUNITIES

Improve port properties along the Duwamish River by

- Creating and maintaining robust river habitat
- Safe greenspaces
- Recreational amenities
- River access

BUILDING ONGOING COMMUNITY- PORT COLLABORATION

The DVCEP will foster

- Shared decision making
- Support existing and upcoming community leaders and partners
- Collaborate with the community on activities that advance mutually beneficial outcomes
