Background: government mandate for ATLP

In 2020, a mandate given by General Secretariat of Executive Council of Abu Dhabi (GSEC) to develop and operate **The Advanced Trade and Logistics Platform (ATLP)** the Single window of Abu Dhabi including all transport mode **Air, Sea and Land**

اللجنة التنفيذية

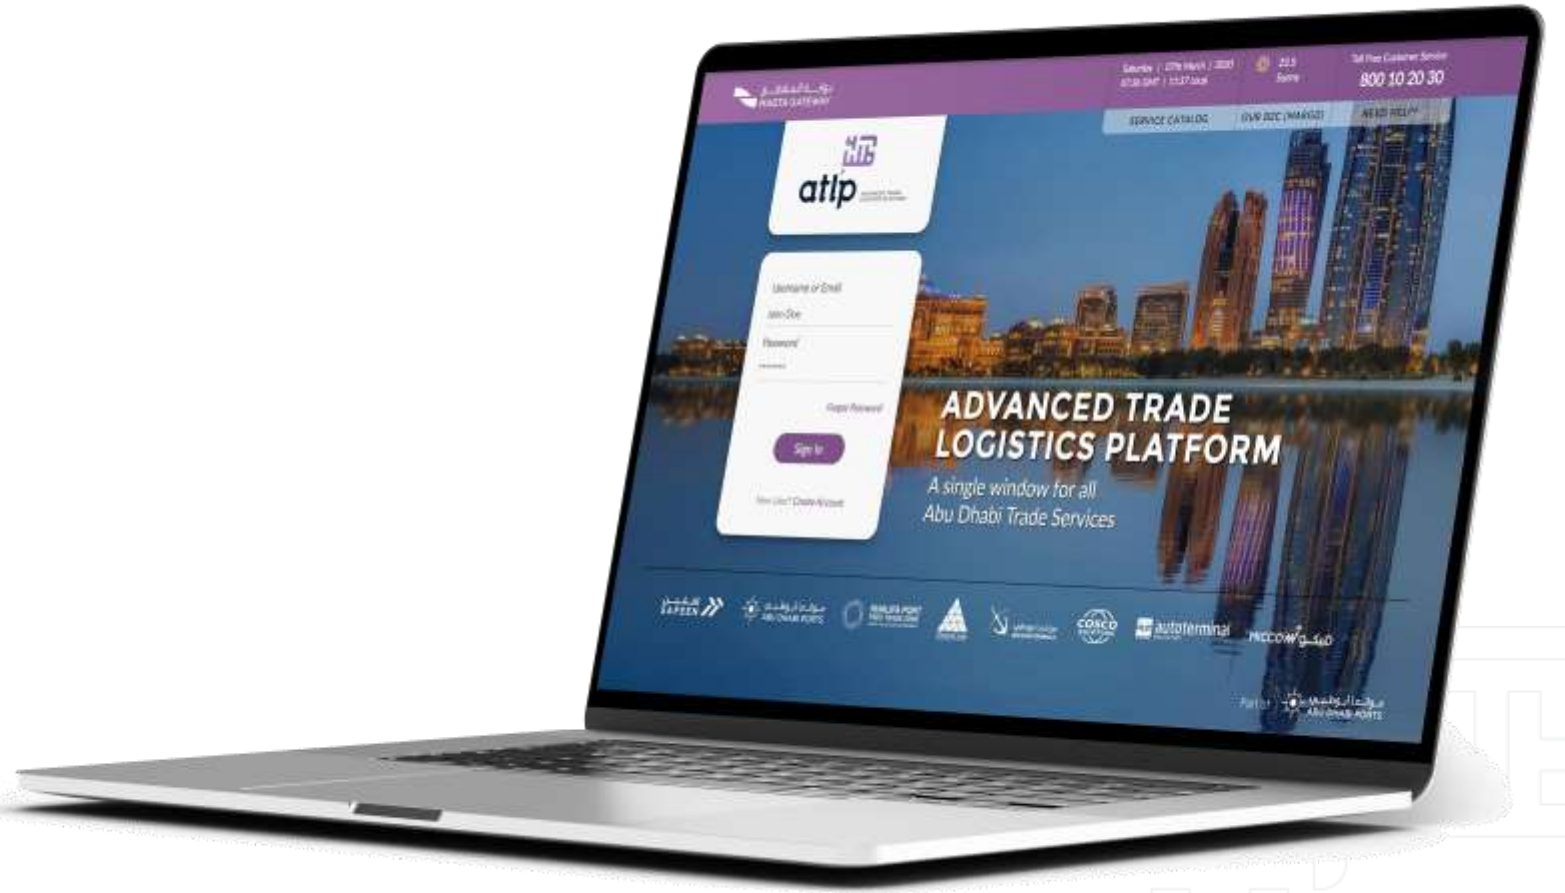

معالى / محمد علي محمد الشرفاء الحمادي
المؤتمر
رئيس دائرة التنمية الاقتصادية

الموضوع: اعتماد "بوابة المطح" كمنظور ومشغل للنافذة الموحدة للخدمات اللوجستية والنقل لإمارة أبوظبي

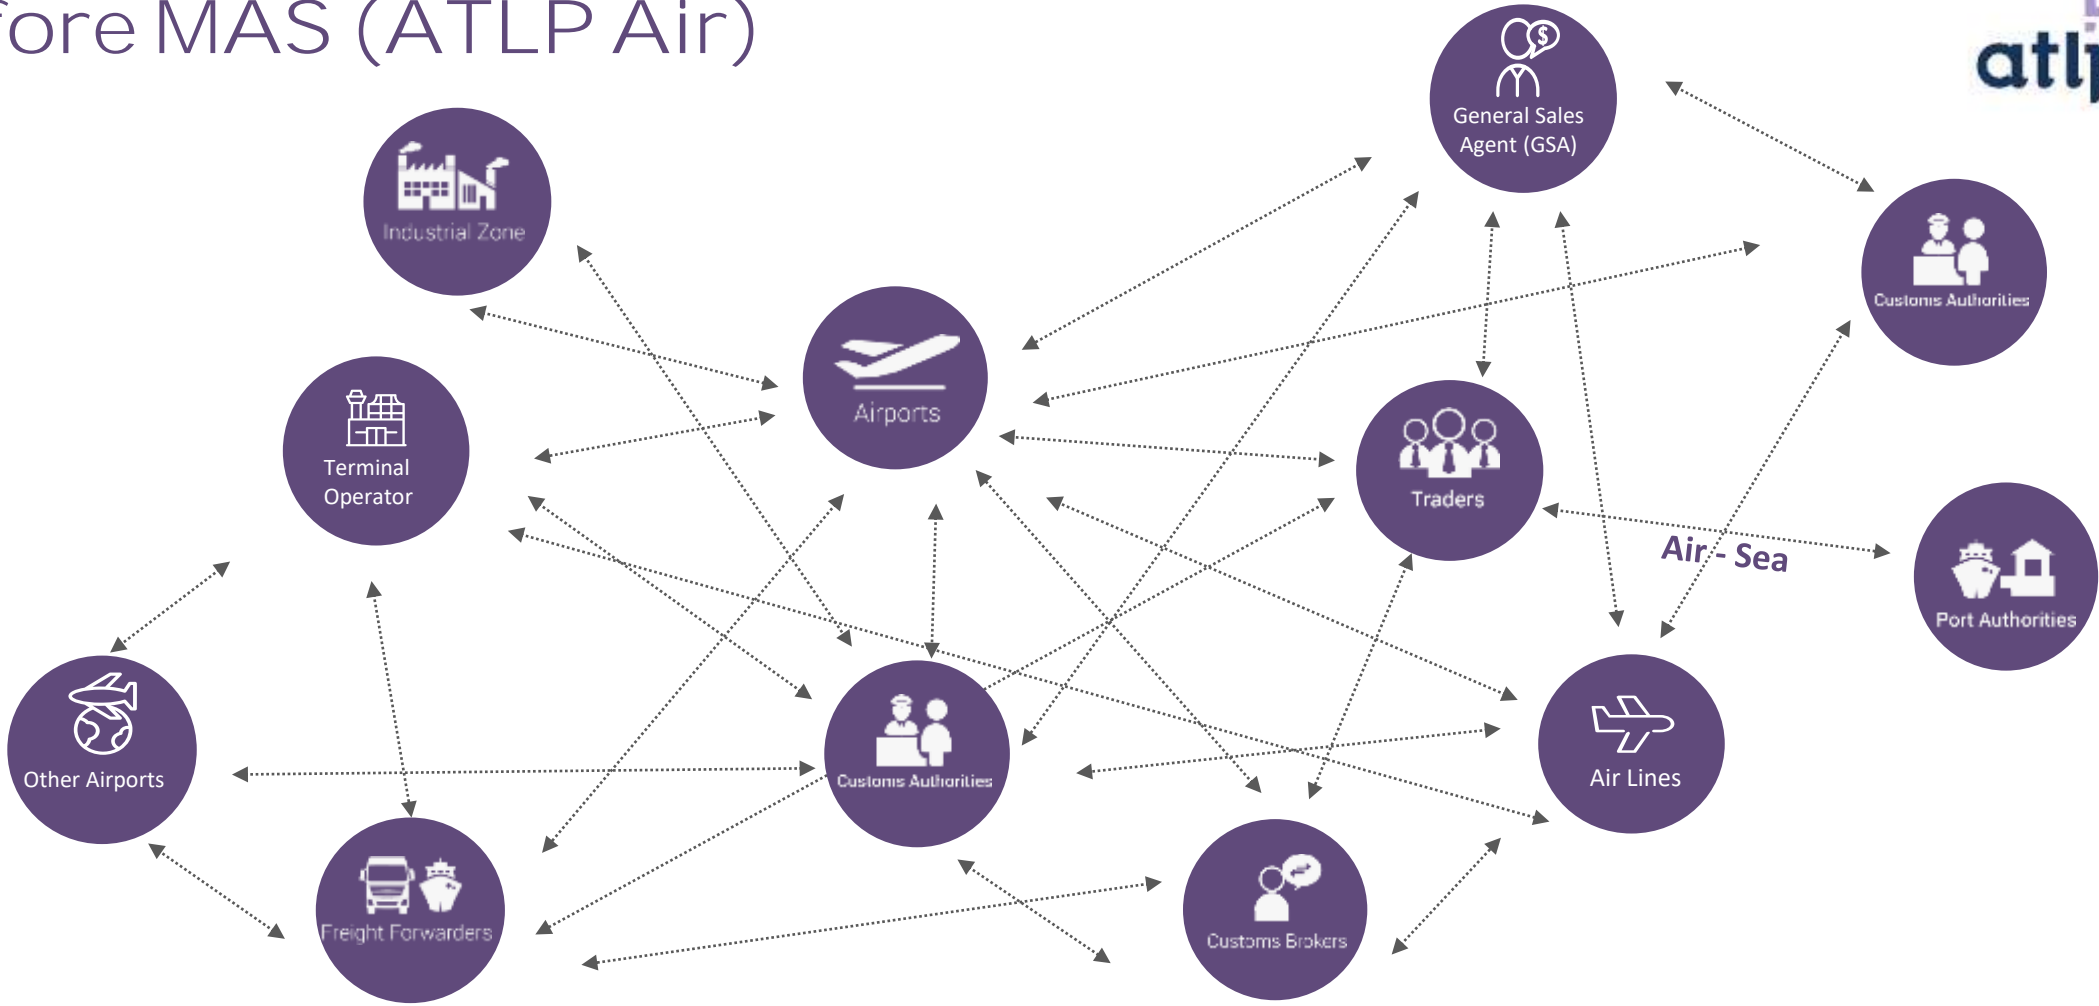

السلام عليكم ورحمة الله وبركاته،
اطلعت اللجنة في جلستها المنعقدة على طلبكم بشأن الموضوع أعلاه، وبناءً على ما تم تداوله فبرمت اللجنة ما يأتي:
1. الموافقة على اعتماد "بوابة المطح الإلكترونية" كمشغل ومنظور للنافذة الموحدة للخدمات اللوجستية والسجادة لإمارة أبوظبي.
2. الموافقة على أن تكون دائرة التنمية الاقتصادية الجهة المشرفة على النافذة الموحدة.
لإجراء ذلكم
وهيتم الله،

د. محمد راشد الحمالي
الأمين العام

Smart and User-friendly Interface

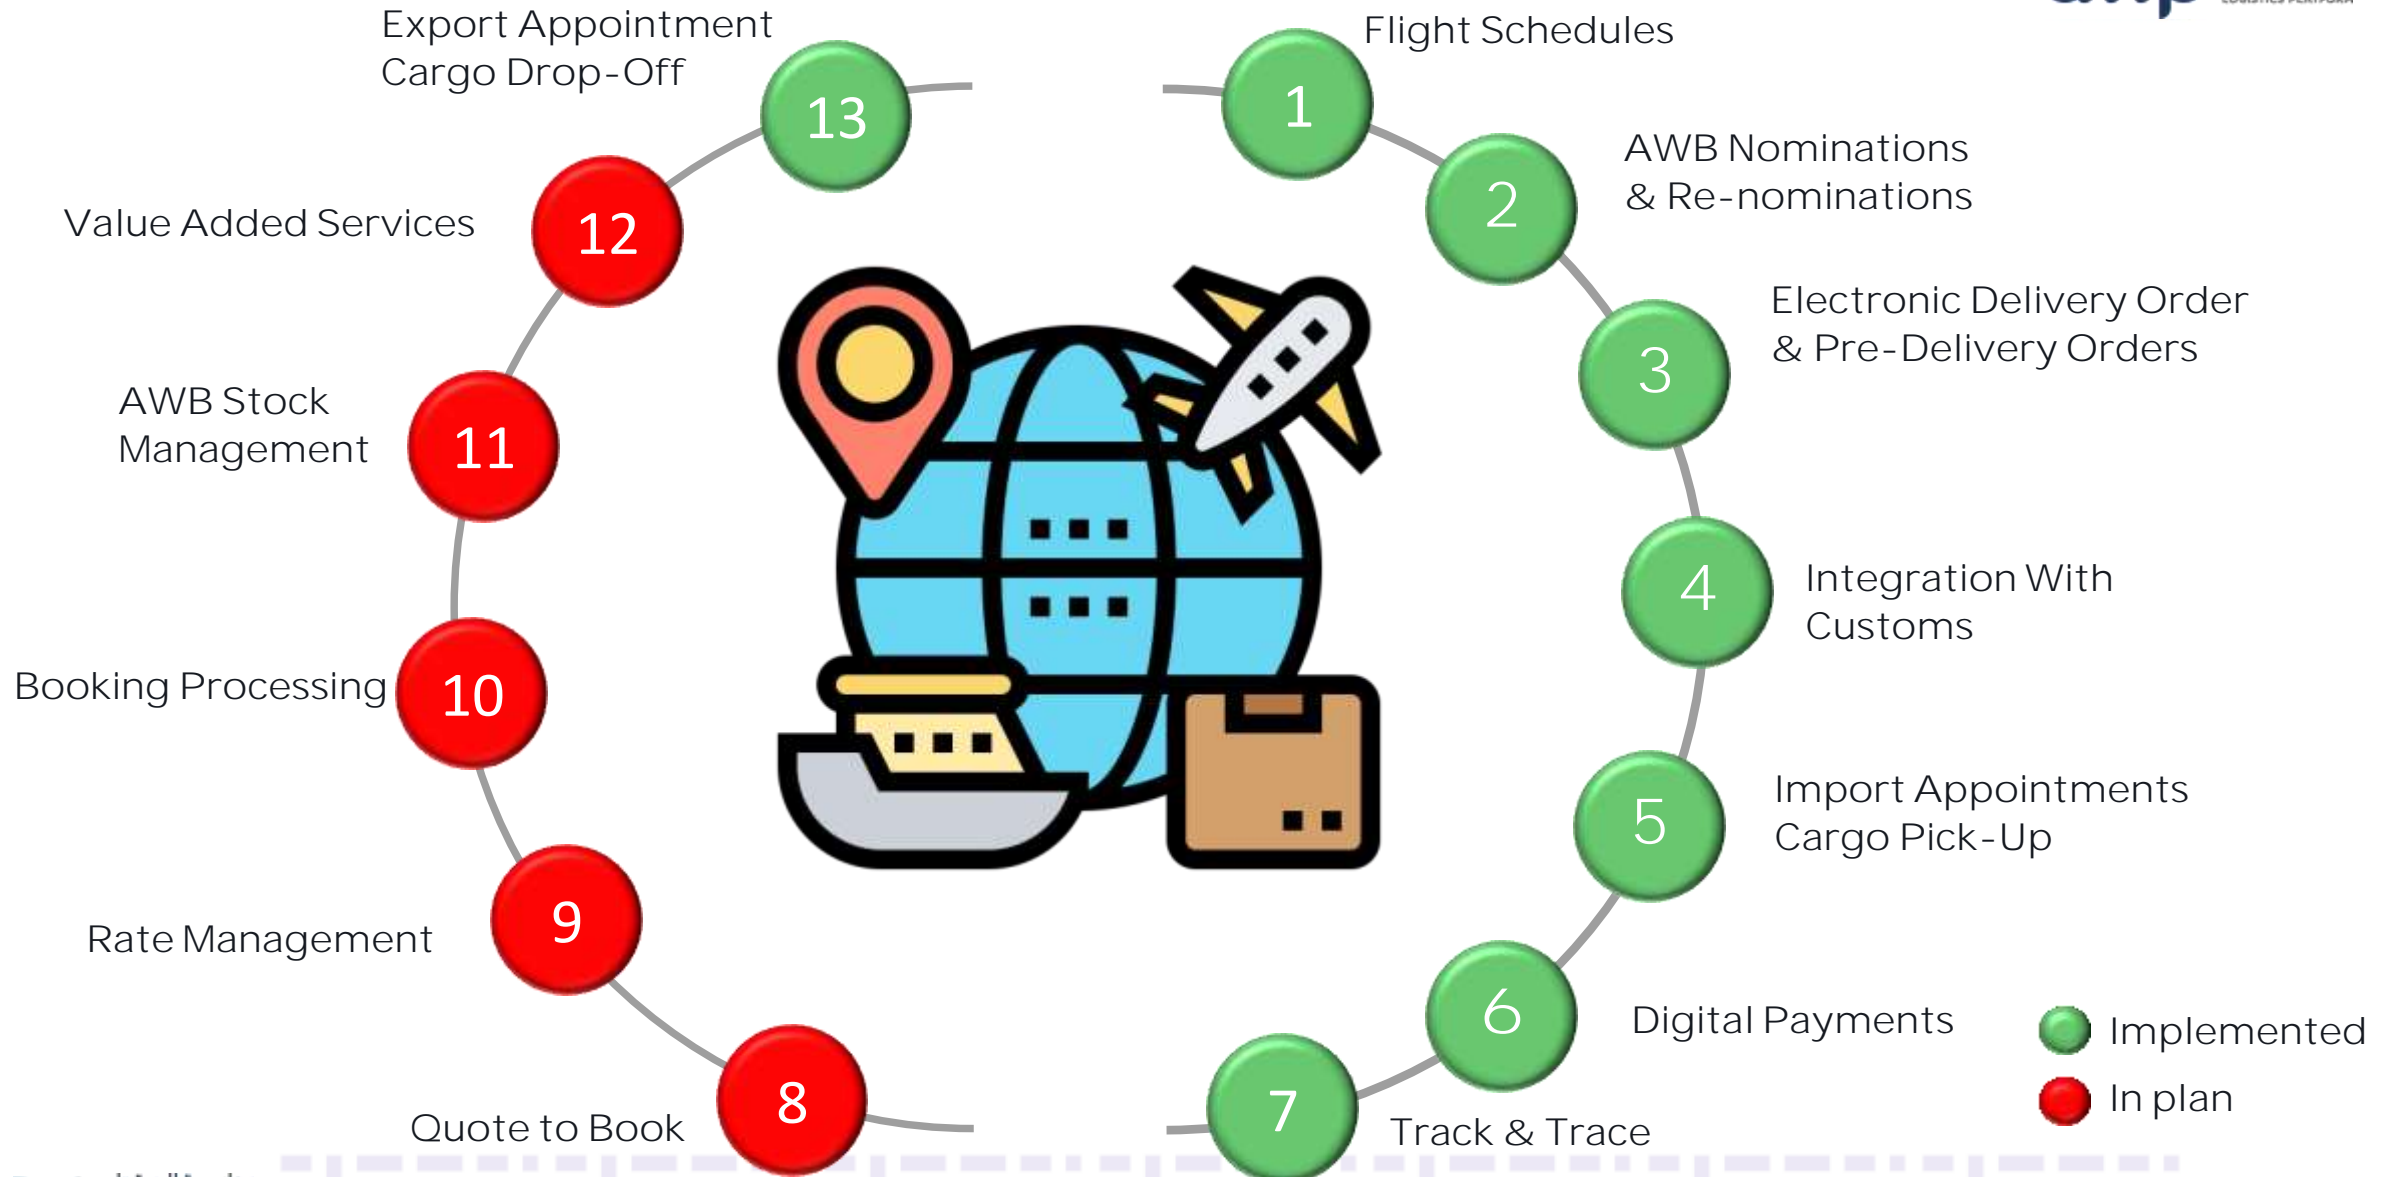

Advanced Trade Logistics Platform

An Air Cargo Community System developed by Maqta Gateway, which aims to position Abu Dhabi Airport as one of the most advanced logistics hub in the region.

Solutions Overview

Stakeholders Engagement

The project involves over 200 Stakeholders, including:

- Abu Dhabi Airports
- Etihad Cargo (EC)
- Etihad Airport Services Cargo (EASC)
- Airlines
- Freight Forwards
- Clearing Agents
- Customs

MAS was initiated when Etihad Cargo (EC), Etihad Airport Services Cargo (EASC) and Maqta Gateway (MG) agreed to execute jointly a process improvement exercise to offer enhanced services for Airfreight agents. These services would be linked to all transport modes through the Single Window The Advanced Trade and Logistics Platform (ATLP). The joint collaboration transformed all the manual time-consuming operational activities performed by Airfreight agents into the digitalized and optimized services in Maqta Airfreight Services (MAS) platform. All services are now accessible with a Single point of Contact, improving efficiency in handling the air cargo import & export and enhancing trade experience in in Abu Dhabi, UAE.

MAS required a high-level of Stakeholder Engagement of in each phase of the project.

Significant amount of field work and stakeholder engagement

Multiple Engagement Streams to Deliver a Creative and Innovative Solution

100+ Stakeholder Alignment

MAS Roadmap

Project Kick-Off
08/2020

Development Activities:

- ✓ Business Analysis and Process Improvement (as-is & to-be)
- ✓ Solution Development and Testing
- ✓ Internal User Training and Train the Trainer
- ✓ External Customer Training and Hypercare
- ✓ Marketing Activities
- ✓ Pilot with Selected Customers

Services and Features:

- ✓ Pre-Delivery Order
- ✓ Delivery Order
- ✓ Import Appointments
- ✓ Re-nominations
- ✓ Export Appointments
- ✓ iCargo, Sita, Manafth Integration

Services and Features:

- ✓ Creating Atip Delivery Order
- ✓ Online documents submission
- ✓ E-Wallet Payments
- ✓ EAS Admin Configurations
- ✓ Flight & RFS Schedules
- ✓ Track and Trace

Services and Features:

- ✓ Enhanced system integrations
- ✓ RFS Management
- ✓ Non-Cargo Vehicle Entry
- ✓ Dashboards & Reports
- ✓ Notifications & Alerts
- ✓ Value Added Services

Services and Features:

- ✓ E-Booking & Quote to book
- ✓ Rate Management
- ✓ AWB Stock Management
- ✓ Capacity & Route Information
- ✓ Value Added Services
- ✓ Paperless Cargo Delivery

These Activities are repeated for each phase as required

Our Commitment to UN SDGs

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

The Digital Cluster of ADPG/ Maqta Gateway is committed to promoting optimized work environment , boosting productivity, and offering economic gains with the use of Technology that is accessible to all

Target 8.2 Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including a focus on high-value-added and labour-intensive sectors

MAS has streamlined many Air services by optimizing, automating, and integrating these offerings through one single point of contact which have reduced time and cost and achieved economic gains

Target 8.4 Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead

MAS has optimized the use of resources by eliminating the use of printed paper copies and reducing the unnecessary physical visit (using transport vehicles) to the airport.

Our Commitment to UN SDGs

Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

The Digital Cluster of ADPG/ Maqta Gateway is committed to building unified innovative digital infrastructure that is sustainable, resilient, and accessible to all

Target 9.1 Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human wellbeing, with a focus on affordable and equitable access for all

MAS offers a sustainable and resilient infrastructure for end-to-end air cargo management system. It provides accessibility to all services and visibility to all stakeholders through a single point of contact. It also offers connectivity both nationally and internationally.

Customers Feedback and Testimonials

“

ATLP – Air freight solution has been recently developed and we are glad to be among the first companies to start using the platform. It provides option to view AWB's, DO details and to book appointments in advance and It is helping us to improve our operations efficiency and saving time. This system also provides many value-added and innovative features to manage documents, obtain historical records, track the Appointment and shipment status. we like the system and will continue using this platform.

aramex

MICCO  ميكو

“

We have been using ATLP system for a week now and we are very happy with the features.

Agility 
A New Logistics Leader

“

ATLP – Air freight solution, which provides option to book Appointments for Import and Export shipments to clear the cargo from Etihad terminals is very easy to use and allow us to share the details with terminal in advance. This system has made us realize many benefits such as Appointments and Shipments on line real-time updates, cut down on waiting time at counters and also helping to increase our operation's efficiency.

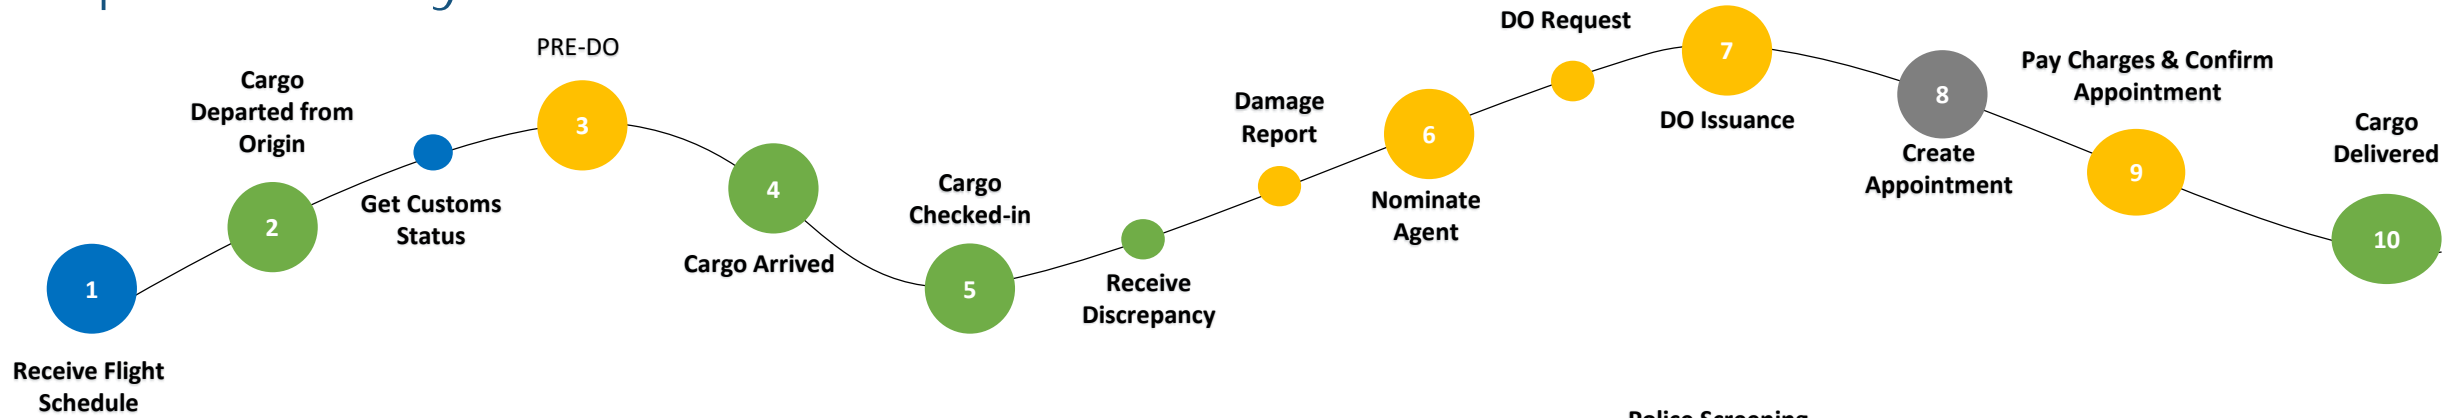

Import and Export Journey

MAS has a direct integration with SITA to connect with all the airlines

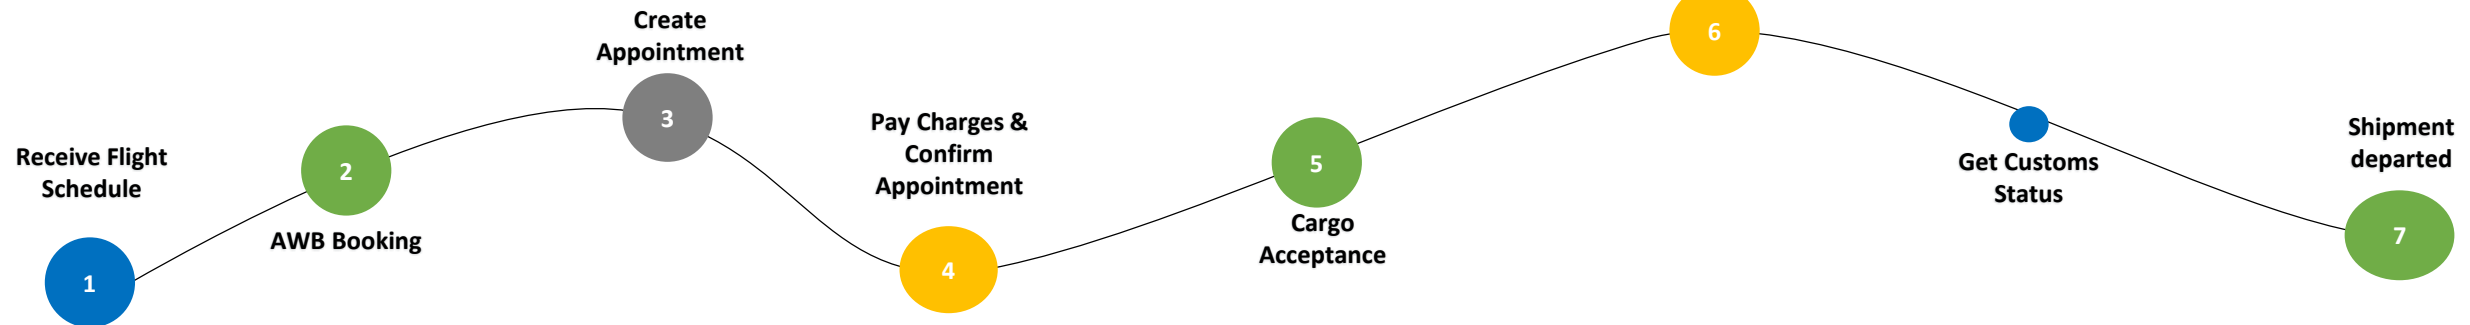

SITA is a multinational information technology company specializing in providing Information Technology (IT) and telecommunications services to the aviation community

ATLP AIR Services Screenshots

Import Shipments

The screenshot displays the ATLP Import Shipments interface. At the top, there is a navigation bar with the ATLP logo, the title 'Import Shipments', and utility links for 'Support/Feedback', 'en', a notification bell, and a user profile icon. Below this, there are tabs for 'Import' and 'Export', and a secondary navigation bar with 'User Manual', 'Filter', 'Customize', 'Actions', and 'Rich/Classic' views.

The main content area features a table with columns: Master AWB #, House AWB #, SHC, Storage, Pieces, DO, Customs, and Appointment. The first row is expanded to show a detailed view for Master AWB # 607-28878975. This view includes a progress bar with stages: EXPECTED ARRIVAL (100%), ACTUAL ARRIVAL (100%), DELIVERY ORDER (100%), CUSTOMS STATUS (100%), APPOINTMENT CONFIRMED (100%), and APPOINTMENT USED (0%). A 'Nominate' button is present. Below the progress bar are buttons for '+ Create Appointment', 'Edit Appointment', 'View Appointment', and 'Cancel'.

Below the detailed view, a list of other shipments is shown. The second row, Master AWB # 157-22679576, is highlighted. It shows 'Arrived QR1054' with an origin of 'FRA' and an arrival time of '09:43 PM 08/02/2023'. The shipment details include '1 awb', 'View HAWB', 'GCR, SPX, EAP, ECC', 'N/A', '1 pieces', 'G.W. 5.8 KGS', 'C.W. 13 KGS', 'N.G. CONSOLIDATION AS PER', 'Delivery Order', 'Cleared', and 'Confirmed SLOT TIME: 09/02/2023 04:10 PM'.

The bottom of the interface shows a pagination control: 'Items per page: 10', '1 - 10 of 289', and navigation arrows. A smiley face icon is located in the bottom right corner.
