

IAPH/WPSP Sustainability Awards 2020

Evaluation criteria

An international jury of experts will be evaluating the entries for the IAPH / WPSP Sustainability Awards against the following criteria:

- integrating sustainability factors ‘people’, ‘planet’, ‘prosperity’, ‘peace’ and ‘partnership’;
- measurable impact of the project on the sustainability of the port and its environment;
- collaboration with commercial stakeholders to ensure a solid business case;
- engagement and buy-in of societal stakeholders;
- cooperation with other ports (where relevant);
- original and innovative character of the project;
- vision and leadership deployed by the senior management of the port authority;
- overall presentation.
