

LOOP-Ports
Circular Economy Network of Ports

Dear Sir/Madam,

Climate-KIC is supported by the EIT, a body of the European Union

It is a pleasure for the LOOP-Ports project consortium to invite you to join the Final Conference that will take place on Wednesday 16th December 2020. The project consortium has designed the event to disseminate the final results of the tasks carried out during the project, putting special emphasis on the analysis of the barriers faced by the actors of maritime-port sector when implementing the circular economy in their strategies. The event will serve to highlight the experiences of the participants in the numerous workshops that have been held during the project. Special emphasis will be put on innovation recommendations because of the research carried out with the members of the stakeholder group. Key circular economy practices will be presented during the sessions. **This is an official side event of the World Circular Economy Forum Online ([WCEFOonline](#)), hosted by the Finnish Innovation Fund Sitra and its partners.**
